Cash Bar

Allow your guests to pay for their own drinks at the bar. Having a cash bar is a great way to save money when hiring our venue.

Bar Tab

A bar tab is the perfect option for special events where you want to treat your guests to a selection of drinks.

Recommendation: Put only selected beers, wines and bubbles on the tab, and if your guests want something special, like a cocktails and mixers, they can still get one but they have to pay for it themselves. This way you can get away with a smaller tab that will last longer while still being generous with your guests.
